Poem

Ms. Matos

Earth day poem

On earth day let's stop and reflect,
On this planet we call home with amazing respect.

From mountains high to ocean deep,
A world full of wonders, and secrets to keep.

Let's save resources, big and small,
Recycle and reuse standing up tall.
Plant a tree let a garden grow,
Let nature's beauty continue to flow.

Protect wildlife, their habitats too,
For all creatures old and new.
Reduce carbon footprint with care,
And let's breath in nice clean air.
