Thanksgiving

I'm grateful for those who sit around a table,
with a feast as big as a stable.
I'm grateful for those who sit around a table,
tapping glasses together for endearment.
I'm grateful for those who sit around a table,
speaking with such joy to each other for only one meal.
I'm grateful for those who sit around a table,
that enjoy the existence of their loved ones.
I'm grateful for those who sit around a table,
to bathe in compliments and glory.
I'm grateful for those who sit around a table,
that reflect on life's hardships or amazements.
I'm grateful to sit around a table with you.
